

## T71 Heavy-Duty 基本配置可测功能

## T71 Heavy- Duty Basic Config Functions

奔驰(BENZ) 康明斯(CUMMINS) 五十铃(ISUZU) 依维柯(IVECO) 卡车标准诊断程序(卡车 OBD) Standard Truck Diagnostic Program(Truck OBD) VOLVO 卡车

卡 车 车 型 Truck model	可测功能描述 Function Description
奔驰(BENZ)	<p>一) ACTROS</p> <ol style="list-style-type: none"> <li>1. GM - Base Module(基本模块)</li> <li>2. MR - Engine Control(发动机模块)</li> <li>3. INS - Instrument(仪表模块)</li> <li>4. BS - Brake Control(刹车模块)</li> <li>5. ZHE - Auxiliary Heater(辅助加热模块)</li> <li>6. FM - Front Module(前部模块)</li> <li>7. MSF – Modular switch panel(开关面板)</li> <li>8. MTCO – Modular tachograph(转速表)</li> <li>9. GSII – Gear control(档位控制)</li> <li>10.FR – Drive control(驱动控制)</li> <li>11.HM – Rear module(后部模块)</li> <li>12.TMF – Driver’s door module(司机车门模块)</li> </ol> <p>Functions: read version NO., read error code, erase error code and display error code status            功能为:读版本信息、读故障码、清除故障码、显示故障码状态。  <b>MR,INS, BS also has the function of reading datastream</b>            MR,INS,BS 还有读数据流功能。</p> <p>(二) AXOR</p> <ol style="list-style-type: none"> <li>1. MR - Engine Control(发动机模块)</li> <li>2. BS - Brake Control(刹车模块)</li> <li>3. FR – Drive control(驱动控制)</li> </ol> <p>Functions: Read error code, erase error code, display error code status            功能为:读故障码、清除故障码、显示故障码状态。</p> <p>(三) ATEGO</p> <ol style="list-style-type: none"> <li>1. MR - Engine Control(发动机模块)</li> <li>2. FR – Drive control(驱动控制)</li> </ol> <p>Functions: Read error code, erase error code, display error code status            功能为:读故障码、清除故障码、显示故障码状态。</p> <p>(四) ECONIC</p> <ol style="list-style-type: none"> <li>1. MR - Engine Control(发动机模块)</li> <li>2. BS - Brake Control(刹车模块)</li> <li>3. FR – Drive control(驱动控制)</li> </ol> <p>Functions: Read error code, erase error code, display error code status            功能为:读故障码、清除故障码、显示故障码状态。</p>

康明斯  
(CUMMINS)

ISBe(J1708): 读故障码, 清除故障码, 读数据流, 系统信息, 读冻结帧。  
ISBe(J1708): Read error code, erase error code, read datastream, system information, read frozen frame

B5.9G: 读故障码, 清除故障码, 读数据流, 系统信息, 读冻结帧, 高级ECM 测试。  
B5.9G: Read error code, erase error code, read datastream, system information, read frozen frame, advanced ECM test

ISC/ISL: 读故障码, 清除故障码, 读数据流。  
ISC/ISL: : Read error code, erase error code, read datastream,

ISBe(J1939): 读故障码, 清除故障码, 读数据流。  
ISBe(J1939): Read error code, erase error code, read datastream,

480C-E:读故障码, 清除故障码。  
480C-E: Read error code, erase error code,

C Gas Plus/B Gas Plus:读故障码, 清除故障码。  
C Gas Plus/B Gas Plus: Read error code, erase error code,

C8.3G/L10G:读故障码, 清除故障码。  
C8.3G/L10G: Read error code, erase error code

CELECT:读故障码, 清除故障码。  
CELECT: Read error code, erase error code

CELECT Plus:读故障码, 清除故障码。  
CELECT Plus: Read error code, erase error code

CELECT Plus Ind:读故障码, 清除故障码。  
CELECT Plus Ind: Read error code, erase error code

Centinel:读故障码, 清除故障码。  
Centinel: Read error code, erase error code

CENTRY:读故障码, 清除故障码。  
CENTRY: Read error code, erase error code

ISB:读故障码, 清除故障码。  
ISB: Read error code, erase error code

ISB - CM2150D:读故障码, 清除故障码。  
ISB - CM2150D: Read error code, erase error code

ISB - CM850:读故障码, 清除故障码。  
ISB - CM850: Read error code, erase error code

ISB Daimler Chrysler:读故障码, 清除故障码  
ISB Daimler Chrysler: Read error code, erase error code

ISBe4 (4 and 6 Cylinder):读故障码, 清除故障码  
ISBe4 (4 and 6 Cylinder): Read error code, erase error code

ISC - CM2150D:读故障码, 清除故障码  
ISC - CM2150D: Read error code, erase error code

ISC / Transit Bus ISL8.3 - CM850:读故障码, 清除故障码  
ISC / Transit Bus ISL8.3 - CM850:Read error code, erase error code

ISDe - CM2150C:读故障码, 清除故障码  
ISDe - CM2150C:Read error code, erase error code

ISL - CM2150D:读故障码, 清除故障码

<p>ISL - CM2150D:Read error code, erase error code ISL8.9 - CM850:读故障码, 清除故障码 ISL8.9 - CM850: Read error code, erase error code Signature/ISX - CM871:读故障码, 清除故障码 Signature/ISX - CM871: Read error code, erase error code ISLe - CM2150C:读故障码, 清除故障码。 ISLe - CM2150C: Read error code, erase error code ISLe4 (6 Cylinder):读故障码, 清除故障码。 ISLe4 (6 Cylinder): Read error code, erase error code ISM:读故障码, 清除故障码。 ISM: Read error code, erase error code ISM - CM870:读故障码, 清除故障码。 ISM - CM870: Read error code, erase error code ISM - CM875:读故障码, 清除故障码。 ISM - CM875: Read error code, erase error code ISM - CM876:读故障码, 清除故障码。 ISM - CM876: Read error code, erase error code ISZ - CM2150D:读故障码, 清除故障码。 ISZ - CM2150D: Read error code, erase error code L Gas Plus:读故障码, 清除故障码。 L Gas Plus: Read error code, erase error code PIM:读故障码, 清除故障码。 PIM: Read error code, erase error code QSB3.3 - CM2150D:读故障码, 清除故障码。 QSB3.3 - CM2150D: Read error code, erase error code QSB4.5/5.9/6.7 - CM850:读故障码, 清除故障码。 QSB4.5/5.9/6.7 - CM850: Read error code, erase error code QSB5.9/44, 5.9/30, 4.5/30, 3.9/30:读故障码, 清除故障码。 QSB5.9/44, 5.9/30, 4.5/30, 3.9/30:Read error code, erase error code QSB5/7 - CM850 - Power Gen:读故障码, 清除故障码。 QSB5/7 - CM850 - Power Gen:Read error code, erase error code QSC8.3 - CM850:读故障码, 清除故障码。 QSC8.3 - CM850:Read error code, erase error code QSC8.3/QSL9:读故障码, 清除故障码。 QSC8.3/QSL9: Read error code, erase error code QSK19 - CM850 - MCRS:读故障码, 清除故障码。 QSK19 - CM850 - MCRS: Read error code, erase error code QSK19 - CM850 - Power Gen:读故障码, 清除故障码。 QSK19 - CM850 - Power Gen: Read error code, erase error code QSK19/23 - CM500:读故障码, 清除故障码 QSK19/23 - CM500: Read error code, erase error code QSK19/23/45/60/78:读故障码, 清除故障码 QSK19/23/45/60/78:Read error code, erase error code QSK19G/45G/60G, QSV81/91:读故障码, 清除故障码</p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p>QSK19G/45G/60G, QSV81/91:Read error code, erase error code</p> <p>QSK38 - CM850 -MCRS:读故障码, 清除故障码</p> <p>QSK38 - CM850 -MCRS: Read error code, erase error code</p> <p>QSK50/60 - CM850 - MCRS:读故障码, 清除故障码</p> <p>QSK50/60 - CM850 - MCRS: Read error code, erase error code</p> <p>QSK50/60 - CM850 - Power Gen:读故障码, 清除故障码</p> <p>QSK50/60 - CM850 - Power Gen: Read error code, erase error code</p> <p>QSL9 - CM850:读故障码, 清除故障码</p> <p>QSL9 - CM850: Read error code, erase error code</p> <p>QSL9 - CM850 - Power Gen:读故障码, 清除故障码</p> <p>QSL9 - CM850 - Power Gen: Read error code, erase error code</p> <p>QSM11:读故障码, 清除故障码</p> <p>QSM11: Read error code, erase error code</p> <p>QSM11 - CM876 - Power Gen:读故障码, 清除故障码</p> <p>QSM11 - CM876 - Power Gen: Read error code, erase error code</p> <p>QST30:读故障码, 清除故障码</p> <p>QST30: Read error code, erase error code</p> <p>QSX15:读故障码, 清除故障码</p> <p>QSX15: Read error code, erase error code</p> <p>Signature/ISX:读故障码, 清除故障码</p> <p>Signature/ISX: Read error code, erase error code</p> <p>Signature/ISX - CM870:读故障码, 清除故障码</p> <p>Signature/ISX - CM870: Read error code, erase error code</p>
<p>五十铃 (ISUZU)</p>	<p>[6]2006 (C*,E*,L*,F*)Heavy-Medium Duty Engine 6WF1-TC(C/Rail) 功能: 读码, 清码, 读数据流, 读版本信息 Functions: Read error code, erase error code, read data stream, read version No. Chassis ESC(with EBS) 功能: 读码, 清码, 读数据流, 读版本信息 Functions: Read error code, erase error code, read data stream, read version No. ABS6 功能: 读当前码, 读历史码, 清码, 读数据流, 读版本信息 Functions: Read current error code, read history code, erase error code, read data stream, read version No.</p> <p>[5]2005 (C*,E*,L*,F*)Heavy-Medium Duty Engine 6WF1-TC(C/Rail) 功能: 读码, 清码, 读数据流, 读版本信息 Functions: Read error code, erase error code, read data stream, read version No. Chassis ESC(with EBS) 功能: 读码, 清码, 读数据流, 读版本信息 Functions: Read error code, erase error code, read data stream, read version No. ABS6 功能: 读当前码, 读历史码, 清码, 读数据流, 读版本信息</p>

	<p>Functions: Read current error code, read history code, erase error code, read data stream, read version No.</p> <p>KV/KR Bus Series</p> <p>Chassis</p> <p>ABS6 功能: 读当前码, 读历史码, 清码, 读数据流, 读版本信息</p> <p>Functions: Read current error code, read history code, erase error code, read data stream, read version No.</p> <p>[4]2004</p> <p>(C*,E*,L*,F*)Heavy-Medium Duty</p> <p>Engine</p> <p>6WF1-TC(C/Rail) 功能: 读码, 清码, 读数据流, 读版本信息</p> <p>Functions: Read error code, erase error code, read data stream, read version No.</p> <p>Chassis</p> <p>ESC(with EBS) 功能: 读码, 清码, 读数据流, 读版本信息</p> <p>Functions: Read error code, erase error code, read data stream, read version No.</p> <p>ABS6 功能: 读当前码, 读历史码, 清码, 读数据流, 读版本信息</p> <p>Functions: Read current error code, read history code, erase error code, read data stream, read version No.</p>
<p>依维柯 (IVECO)</p>	<p>1、依维柯柴油发动机 (Bosch EDC 7 电控系统), 功能有: 读故障码、清除故障码、读数据流、激活诊断、系统识别、冻结帧、行驶记录。</p> <p>1- IVECO diesel engine (Bosch EDC 7 ECU), functions: Read error code, erase error code, read data stream, activate diagnostic, recognize system, freeze frame, freeze driving system</p> <p>2、依维柯天然气发动机 (MetaFuel 3 电控系统), 功能有: 读故障码、清除故障码、读数据流、激活诊断、系统识别、冻结帧。</p> <p>2- IVECO natural gas engine (MetaFuel 3 ECU), functions: read error code, erase error code, read data stream, activate diagnostic, recognize system, freeze frame</p>
<p>卡车标准诊断程序 (卡车OBD) Standard Truck diagnostic Program (Truck OBD)</p>	<p>符合SAE J1708 和SAE J1939 标准的控制系统, 功能包括读故障码 (包括多种故障码状态), 清除故障码, 读取数据流等功能, 可测系统列表如下:</p> <p>Correspondent to SAE J1708 and SAE J1939 standard control system. Functions: read error code (including the status of many error codes), read data stream. The testable systems are listed below:</p> <p>SAE J1708 Engine</p> <p>SAE J1708 Transmission</p> <p>SAE J1708 Brake</p> <p>SAE J1708 Instrument Cluster</p> <p>SAE J1708 Vehicle Management</p> <p>SAE J1708 Fuel System</p> <p>SAE J1708 Cab Climate</p> <p>SAE J1708 Particulate</p> <p>SAE J1939 Engine</p>

## 2. FE 车型:

### FE model:

MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。

MID 130 Gearbox Control Unit: system information, read error code, erase error code

MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。

MID 140 Instrument Center Module: system information, read error code, erase error code

MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

## 3. FH 车型:

MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码、数据流

MID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream

MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 140 Instrument Center Module: system information, read error code, erase error code, data stream

MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码、数据流

MID 249 Body Building Module: system information, read error code, erase error

	<p>code, data stream</p> <p><b>4. FH12 车型:</b></p> <p>MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。  MID 128 Engine Control Unit: system information, read error code, erase error code , data stream</p> <p>MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码、数据流  ID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream</p> <p>MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码、数据流  MID 140 Instrument Center Module: system information, read error code, erase error code, data stream</p> <p>MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流  MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream</p> <p>MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码  MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码、数据流  MID 249 Body Building Module: system information, read error code, erase error code, data stream</p> <p><b>5. FH16 车型:</b></p> <p>MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流  MID 128 Engine Control Unit: system information, read error code, erase error code , data stream</p> <p>MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码、数据流  ID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream</p> <p>MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码、数据流  MID 140 Instrument Center Module: system information, read error code, erase error code, data stream</p> <p>MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流  MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream</p> <p>MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码  MID 146 Electronic climate control (ECC): system information, read error code, erase</p>
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p><b>error code</b></p> <p>MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码  MID 249 Body Building Module: system information, read error code, erase error code, data stream</p> <p><b>6. FH565 车型：</b></p> <p>MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流  MID 128 Engine Control Unit: system information, read error code, erase error code , data stream</p> <p>MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码  MID 130 Gearbox Control Unit: system information, read error code, erase error code</p> <p>MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码  MID 140 Instrument Center Module: system information, read error code, erase error code</p> <p>MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码  MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code</p> <p>MID 146 气候单元 (ECC)，功能有：系统信息、读取故障码、清除故障码。  MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码。  MID 249 Body Building Module: system information, read error code, erase error code, data stream</p> <p><b>7. FL 车型：</b></p> <p>MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流  MID 128 Engine Control Unit: system information, read error code, erase error code , data stream</p> <p>MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码  MID 130 Gearbox Control Unit: system information, read error code, erase error code</p> <p>MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码  MID 140 Instrument Center Module: system information, read error code, erase error code</p> <p>MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码、数据流  MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream</p> <p>MID 146 气候单元 (ECC)，功能有：系统信息、读取故障码、清除故障码  MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码、数据流。  MID 249 Body Building Module: system information, read error code, erase error code, data stream</p>
--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**8. FM 车型:**

**MID 128 发动机控制单元 (EECU)**，功能有：系统信息、读取故障码、清除故障码、数据流

**MID 128 Engine Control Unit: system information, read error code, erase error code, data stream**

**MID 130 变速器控制单元**，功能有：系统信息、读取故障码、清除故障码、数据流。

**MID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream**

**MID 140 仪表，中央模组**，功能有：系统信息、读取故障码、清除故障码、数据流

**MID 140 Instrument Center Module: system information, read error code, erase error code, data stream**

**MID 144 车辆控制单元 (VECU)**，功能有：系统信息、读取故障码、清除故障码、数据流

**MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream**

**MID 146 气候单元 (ECC)**，功能有：系统信息、读取故障码、清除故障码

**MID 146 Electronic climate control (ECC): system information, read error code, erase error code**

**MID 163 发动机抑制器 (IMMO)**，功能有：系统信息、读取故障码、清除故障码。

**MID 163 Engine Inhibitor : system information, read error code, erase error code**

**MID 179 FMS 闸道**，功能有：系统信息、读取故障码、清除故障码。

**MID 179 FMS Channel: system information, read error code, erase error code**

**MID 216 外部照明控制单元 (LCM)**，功能有：系统信息、读取故障码、清除故障码、数据流

**MID 216 Light Control Module (LCM): system information, read error code, erase error code**

**MID 220 转速表**，功能有：系统信息、读取故障码、清除故障码

**MID 220: Speed Meter: system information, read error code, erase error code**

**MID 222 减速器 ECU**，功能有：系统信息、读取故障码、清除故障码、数据流。

**MID 222 Speed Reducer ECU: system information, read error code, erase error code, data stream**

**MID 232 气囊，控制单元 (SRS)**，功能有：系统信息、读取故障码、清除故障码。

**MID 232 Airbag Control Unit (SRS): system information, read error code, erase error code**

**MID 233 AdBlue 剂量系统控制单元 (ADS)**，功能有：系统信息、读取故障码、清除故障码。

**MID 233 AdBlue Dose System Control Unit(ADS): system information, read error code, erase error code**

**MID 249 车体建造模组 (BBM)**，功能有：系统信息、读取故障码、清除故障码、数据流。

**MID 249 Body Building Module: system information, read error code, erase error code, data stream**

## 9. FM12 车型

MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream

MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 140 Instrument Center Module: system information, read error code, erase error code, data stream

MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC)，功能有：系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 216 外部照明控制单元 (LCM)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 216 Light Control Module (LCM): system information, read error code, erase error code, data stream

MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 249 Body Building Module: system information, read error code, erase error code, data stream

## 10. FM9 车型：

MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream

MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 140 Instrument Center Module: system information, read error code, erase error code, data stream

MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error

	<p>code, data stream</p> <p>MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。 MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码。 MID 249 Body Building Module: system information, read error code, erase error code</p> <p><b>11. --	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。  
MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码。  
MID 249 Body Building Module: system information, read error code, erase error code

**2. FH12 车型:**

MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。  
MID 128 Engine Control Unit: system information, read error code, erase error code , data stream

MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码、数据流。  
MID 130 Gearbox Control Unit: system information, read error code, erase error code, data stream

MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。  
MID 140 Instrument, Center Module: system information, read error code, erase error code, data stream

MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。  
MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。  
MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码。  
MID 249 Body Building Module: system information, read error code, erase error code

**3. FH16 车型:**

MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。  
MID 128 Engine Control Unit: system information, read error code, erase error code , data stream

MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。  
MID 130 Gearbox Control Unit: system information, read error code, erase error code

MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。  
MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。  
MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。  
MID 146 Electronic climate control (ECC): system information, read error code, erase

<p><a href="#">error code</a></p> <p>MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码。 <a href="#">MID 249 Body Building Module: system information, read error code, erase error code</a></p> <p>4. MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 130 Gearbox Control Unit: system information, read error code, erase error code

MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码。

MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC)，功能有：系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

#### 7. FM12 车型：

MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 130 Gearbox Control Unit: system information, read error code, erase error code, system data

MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码。

MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC)，功能有：系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

#### 8. FM7 车型：

MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障

码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code , data stream

MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码、数据流。

MID 130 Gearbox Control Unit: system information, read error code, erase error code, system data

MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码。

MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元（VECU），功能有：系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元（ECC），功能有：系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组（BBM），功能有：系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

#### 9. NH12 车型：

MID 128 发动机控制单元（EECU），功能有：系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code , data stream

MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码。

MID 130 Gearbox Control Unit: system information, read error code, erase error code, system data

MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码。

MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元（VECU），功能有：系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元（ECC），功能有：系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组（BBM），功能有：系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

#### 10. NH525 车型：

MID 128 发动机控制单元（EECU），功能有：系统信息、读取故障码、清除故障码

	<p>MID 128 Engine Control Unit: system information, read error code, erase error code</p> <p>MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 130 Gearbox Control Unit: system information, read error code, erase error code</p> <p>MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 140 Instrument, Center Module: system information, read error code, erase error code</p> <p>MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code</p> <p>MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码</p> <p>MID 249 Body Building Module: system information, read error code, erase error code</p> <p><b>11. NH565 车型:</b></p> <p>MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 128 Engine Control Unit: system information, read error code, erase error code</p> <p>MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 130 Gearbox Control Unit: system information, read error code, erase error code</p> <p>MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码</p> <p>MID 140 Instrument, Center Module: system information, read error code, erase error code</p> <p>MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码</p> <p>MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code</p> <p>MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码</p> <p>MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码</p> <p>MID 249 Body Building Module: system information, read error code, erase error code</p> <p><b>12. VHD 车型:</b></p> <p>MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。</p> <p>MID 128 Engine Control Unit: system information, read error code, erase error code, data stream</p> <p>MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 130 Gearbox Control Unit: system information, read error code, erase error code</p> <p>MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。</p> <p>MID 140 Instrument, Center Module: system information, read error code, erase error code</p> <p>MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、</p>
--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

### 13. VN 车型:

MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。

MID 130 Gearbox Control Unit: system information, read error code, erase error code

MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。

MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。

MID 146 Electronic climate control (ECC): system information, read error code, erase error code

MID 249 车体建造模组 (BBM), 功能有: 系统信息、读取故障码、清除故障码。

MID 249 Body Building Module: system information, read error code, erase error code

### 14. WG 车型:

MID 128 发动机控制单元 (EECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 128 Engine Control Unit: system information, read error code, erase error code, data stream

MID 130 变速器控制单元, 功能有: 系统信息、读取故障码、清除故障码。

MID 130 Gearbox Control Unit: system information, read error code, erase error code

MID 140 仪表, 中央模组, 功能有: 系统信息、读取故障码、清除故障码。

MID 140 Instrument, Center Module: system information, read error code, erase error code

MID 144 车辆控制单元 (VECU), 功能有: 系统信息、读取故障码、清除故障码、数据流。

MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream

MID 146 气候单元 (ECC), 功能有: 系统信息、读取故障码、清除故障码。

	<p>MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码。 MID 249 Body Building Module: system information, read error code, erase error code</p> <p>15. WX 车型：</p> <p>MID 128 发动机控制单元 (EECU)，功能有：系统信息、读取故障码、清除故障码、数据流。 MID 128 Engine Control Unit: system information, read error code, erase error code, data stream</p> <p>MID 130 变速器控制单元，功能有：系统信息、读取故障码、清除故障码。 MID 130 Gearbox Control Unit: system information, read error code, erase error code</p> <p>MID 140 仪表，中央模组，功能有：系统信息、读取故障码、清除故障码 MID 140 Instrument, Center Module: system information, read error code, erase error code</p> <p>MID 144 车辆控制单元 (VECU)，功能有：系统信息、读取故障码、清除故障码、数据流 MID 144 Vehicle Control Unit(VECU): system information, read error code, erase error code, data stream</p> <p>MID 146 气候单元 (ECC)，功能有：系统信息、读取故障码、清除故障码 MID 146 Electronic climate control (ECC): system information, read error code, erase error code</p> <p>MID 249 车体建造模组 (BBM)，功能有：系统信息、读取故障码、清除故障码 MID 249 Body Building Module: system information, read error code, erase error code</p>
